

BUILDER STUDIO 2023

TILE | STONE | COUNTERTOPS

WELCOME TO THE BUILDER STUDIO PROGRAM

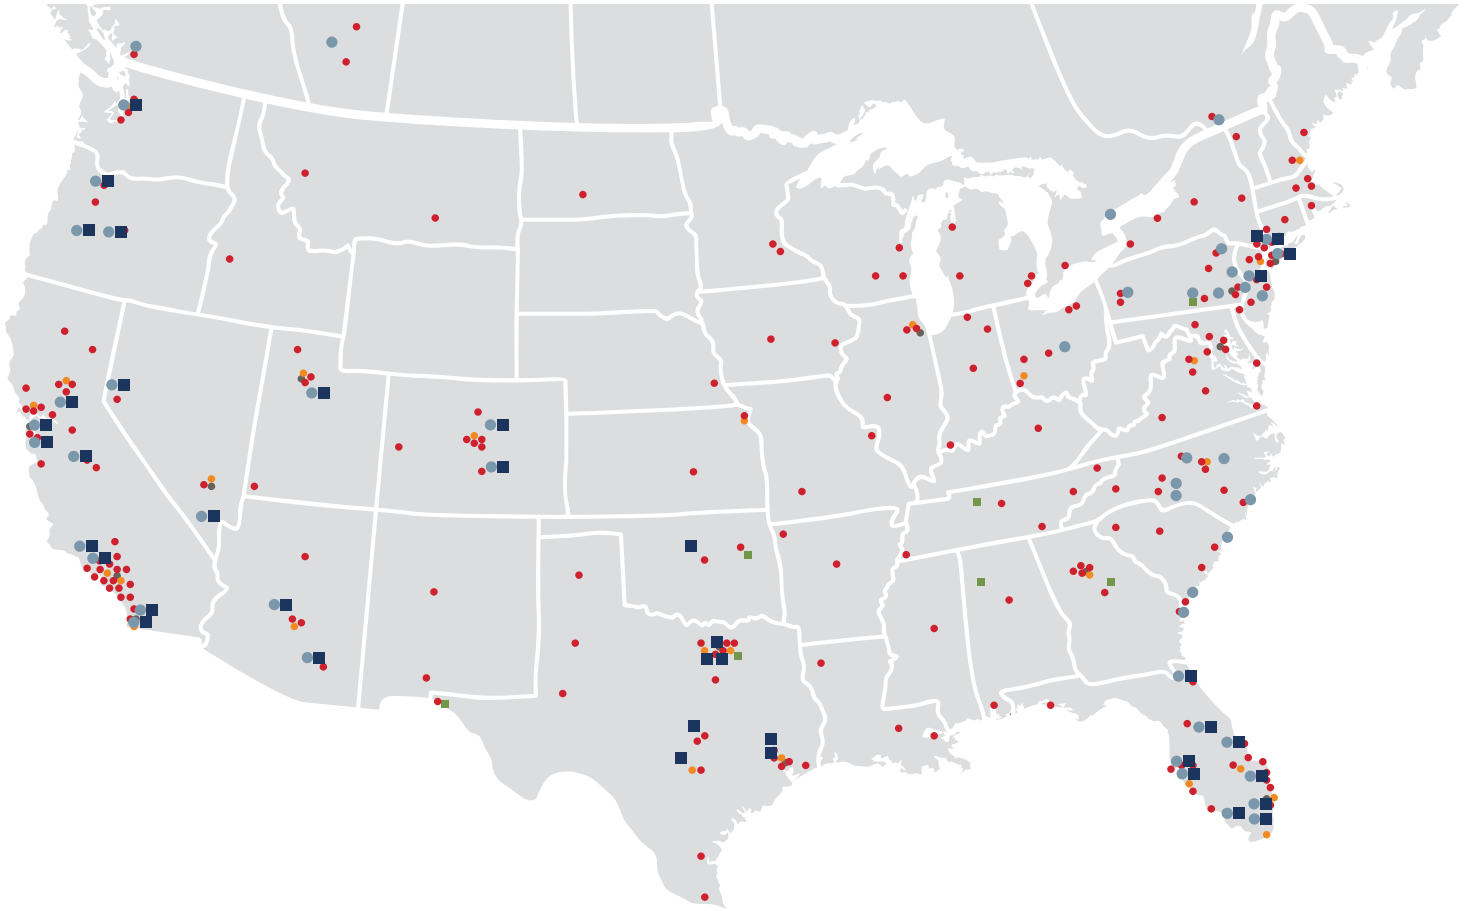

Dal-Tile is proud to present the Builder Studio program. This comprehensive program has been created specifically for our homebuilder customers and features:

- Floor, wall, natural stone, accent tile plus bath accessories, quartz and slab products
- A broad spectrum of quality products for any style of home
- Products carefully selected for their design relevance and staying power
- A variety of products within pricing levels that provide several choices for easy upgrade options
- Ability to customize by local market
- Outstanding sales support and distribution points give DalTile the ability to offer exceptional customer service, national product availability, consolidated distribution and superior turnaround
- Product knowledge and continuing education

Your Dal-Tile sales representative will work with you and your installer to provide recommendations based on your merchandising objectives, space requirements, neighborhood and customer needs. Our representatives are the most knowledgeable in the industry and can tailor a comprehensive program to fit your specific project.

WHY DAL-TILE?

- Global Manufacturing & Product Availability
- Builder Studio Core Manufactured Here in North America
- Made in the U.S.A.
- Powerhouse of Brands
- Company Owned Research & Development in Marazzi Italy
- Innovative, Fashion Forward Products
- Speed to Market
- 4x More Service Centers than our Largest Competitor
- 500 Company Owned Trucks
- Category Leverage (Tile, Stone & Countertops)
- Mohawk & Countertop Leverage
- Specialized Builder Team (Corp & Local Relationships; plus promotes ongoing Education)

NORTH AMERICAN LOCATIONS NOT SHOWN:

- Cataño, Puerto Rico (sales service center)
- Honolulu, Hawaii (sales service/stone center)
- Monterrey, Mexico (manufacturing plant)
- Salamanca, Mexico (manufacturing plant)

IMAGINE WHAT'S POSSIBLE™ – SINCE 1947

IT'S NOT JUST TILE. IT'S HOW WE MAKE A SPACE OUR OWN, GIVING FORM TO IMAGINATION AND REFLECTING WHO WE ARE.

It's that extraordinary touch that creates a long-lasting kitchen backsplash, a luxurious bath, a simple office, or breathtaking grand hotel lobby. With our extensive selection of quality products, unsurpassed service and trusted attention to every detail, Daltile® provides the confidence to design, build and enjoy the spaces in which we live, work and play – inviting customers to experience the extraordinary every day.

For the past 75 years, Daltile has been committed to one thing – providing durable tile and countertop surfaces to beautify and protect with unrivaled quality. As we continue to innovate, our commitments remain strong. Whether it's for new construction, refurbished spaces or custom options for builder programs, our philosophy has expanded to include advances in technology along with greater design choices. Fashion-forward trends alongside award-winning, traditional offerings equals a single-source partner for all your tile, porcelain, stone, countertop and manufactured surface requirements.

Daltile's extensive product breadth and dedicated team of solution experts and seasoned professionals are ready to create a complete program around your needs with over 235 sales service centers, 44 countertop slab centers and 9 BDCs to support you. We've invested in our 11 manufacturing facilities to provide you with what you need, when you need it with added peace-of-mind safety stock and Industry-leading, enhanced warranties.

PROVEN IN TILE – SINCE 1923

So much more than a tagline, Proven in Tile is a proud legacy nearly a century in the making. With our roots in innovation, American Olean® began as The Franklin Tile Company in 1923, as early employees pioneered new manufacturing processes that revolutionized the tile industry. In 1959, the American Olean brand name was born, and continued to flourish over the course of the next several years with the company becoming a leading manufacturer of floor and wall tiles.

Today, American Olean continues to introduce innovative new processes and designs. One hundred years in the industry has certainly demonstrated our passion for providing quality products, however it is the unwavering support from our customers and our continued commitment to genuine service that truly makes American Olean Proven in Tile.

AMERICAN OLEAN®

DARE TO BE BOLD – SINCE 1935

Since building its first factory in Sassuolo, Italy in 1935, Marazzi® has established itself as an innovative brand focused on design and creativity. With a bold vision for the future, Marazzi built the first Italian-owned ceramic manufacturing plant in the U.S. in 1982, assuring domestic access to world-renowned technology and style.

Marazzi is recognized worldwide for its cutting-edge ceramic coverings and for partnering with top names in the fashion, art, design, and architectural community.

COUNTERTOP & LARGE FORMAT SLAB

PERFORMANCE COMPARISON

ELEVATE THE SURFACE.

Whether a stunning kitchen creation, a spa bath makeover or a memorable retail environment, it's critical to understand the importance of a functional surface. And with functionality comes performance. A successful design should look beautiful, but also be able to withstand the daily wear and tear it encounters. Selecting materials from tile and backsplash to XL Surfaces like Natural Stone, Quartz and Porcelain slabs that can withstand heat and scratches and are easy to clean, is the ultimate dream for homeowners and commercial outfitters alike.

Of course, the beauty of a room starts with a statement piece, the countertops. From there, the space is your blank canvas – ready for any stretch of your imagination to take flight. From floor tile and backsplash, to innovative trendsetting floor patterns, the possibilities are endless. Daltile offers all the latest trends in surfaces – all in one convenient place.

DEFEND™
POWERED BY MICROBAN®

StepWise™ Technology

Daltile is proud to be the leader in tile innovations for the past 75 years. Renowned for exceptional style, we pride ourselves on also keeping up with what is needed from tile in an ever-evolving world. From tile that comes packed with an extra defense against germs & bacteria to tile that is up to 50% more slip-resistant, we present our **POWER 5**. These programs encompass the best of our innovative, high-quality products.

PROTECT AGAINST THE INVISIBLE™ with Microban® Technology

Photo features Defend™ – Marble Look Glamour 12 x 24 matte on the floor.

WHAT IS MICROBAN® TECHNOLOGY

Antimicrobial product protection has revolutionized product cleanliness, becoming a key aid in the fight against product damaging microbes.

UNPROTECTED SURFACE
(Bacteria, Mold & Mildew)

PROTECTED WITH
MICROBAN®

From walls and worktops in kitchens to flooring and sinks in bathrooms, frequently utilized tile surfaces are often subjected to moist and humid conditions. This makes them prone to the growth of degrading microbes such as bacteria, mold, and mildew.

Scrubbing with disinfectant cleaners is an essential way to temporarily reduce the presence of microbes on ceramic surfaces. However, research has shown that cleaning products have a limited residual effect, meaning bacteria begin to double in number every twenty minutes soon after a surface has been cleaned.

Unlike disinfectant sprays, built-in antimicrobial ceramic technologies will actively control microbial growth on ceramic surfaces and work to extend the effectiveness of regular cleaning routines by reducing the background bioburden.

Our Promise

Dal-tile is proud to be part of the Mohawk Industries Environmental, Social and Governance Report (ESG). At Dal-tile, innovation has always defined our business, from industry-changing products to processes we continue to refine. Innovation is also the driving force behind our Environmental, Social and Governance strategy, which is focused on creating a better tomorrow for **our people and our planet.**

DAL-TILE + DECLARE

Dal-tile is now a part of Declare, an ingredients label revealing the nutritional information about a product. Declare has increased transparency in the materials marketplace and establishes that no red list ingredients are in our tile.

Red list ingredients are materials, chemicals, and elements known to pose serious risks to human health and our greater ecosystem. **We spend 90% of our lives indoors, let's spend it in healthy spaces.**

Planet

We are **dedicated stewards** of our global impact, leveraging our considerable resources to **shrink our footprint, reduce our waste, and reinvigorate our industry** with cutting-edge solutions and sustainable product design that create positive change.

People

We are committed to attracting — **and retaining** — the best possible talent by investing in their growth, their engagement, and by fostering innovation at every level. We do this by **empowering our team** with an unwavering standard of health, safety, diversity, inclusivity, and integrity.

Governance

We reaffirm our pledge to **ethical, safety-conscious, and wholly** transparent business practices — to holding ourselves to a **higher standard than our peers** and evaluating every aspect of our business.

PERENNIAL

PORCELAIN ROOFING™

designed to endure

Why is Perennial Porcelain Roofing tile the ideal material choice for new build or remodeled homes? Durability, beauty, and easy installation.

Made from only three natural ingredients - clay, sand, and feldspar - porcelain is synonymous with strength. It is resistant to scratches and abrasion, has very low water absorption (<0.5%), a high breaking strength, and it is resistant to stains, chemicals, and algae growth.

Resistant to Frost

Class A Fire Rating (Fire Resistant)

Made In The USA

High Breaking Strength

Class IV Hail Impact Rating*

Fast & Easy Installation

Impervious to Water

Lifetime Limited Warranty

Low Overall Weight +

More Business is built on Mohawk and Dal-Tile.

Introducing the residential construction industry's most comprehensive surface solution. From vertical and horizontal installations to class-leading distribution networks, builders can leverage the capabilities of two industry giants for unsurpassed product styles, availability and customer service. Eliminate the need for multiple vendors with a streamlined process that brings together products designed to perform with designs customers demand. No matter the need, application or price point, Mohawk + Dal-Tile delivers proven solutions with a singular goal: build more business.

Consult with your sales representative for more details.

WHY TILE

SETS THE STANDARD

BEAUTIFUL. STRONG. PURE. UNEQUALED.

50%^{MORE}
SLIP RESISTANT
THAN ORDINARY TILE*

STEPWISE

Technology to confidently step anywhere with increased slip-resistance over standard tile.

SCRATCH-RESISTANT

Naturally scratch-resistant, tile continues to look good even after years of heavy traffic.

SLIP-RESISTANT

Tile rated at a 0.42 DCOF or greater when wet will help keep your feet firmly planted on the ground.

FIRE-RESISTANT

Noncombustible, tile will not burn, melt or give off toxic fumes when it is exposed to fire.

WATERPROOF

Spills and puddles are no match for porcelain tile; even if they sit for awhile your floors are impervious to liquid.¹

INDOOR/OUTDOOR

Take your inside out with tile designed for seamless transitions from interior floors and walls directly to your outdoor space with ultimate performance and durability.⁴

STAINPROOF

Because of its low porosity, porcelain does not stain. Even coffee, wine and the muddiest messes cannot touch it.²

CLIMATEPRO™

Tile that won't freeze, fade or crack due to cold weather. Perfect for indoor or vertical applications for outdoor spaces.

DENTPROOF

With innate durability and exceptional strength, dents and dings are no longer a worry.³

SIMPLICLEAN™

All tile is easy to clean with a broom, vacuum or wet mop.⁵

BY CHOOSING TILE, YOU ARE CHOOSING
THE CLEAN SOLUTION WITH
NO VOCs, PVCs, FORMALDEHYDE OR ALLERGENS.

VISIT DAL TILE.COM/WHY-DAL TILE/WHY-TILE TO LEARN MORE ABOUT THE BENEFITS OF TILE.

* When compared to tile meeting ANSI standards.

1. The term "waterproof" applies to the tile product itself and does not extend to the subfloor or adhesives; it does not apply to moisture or water coming from below/underneath the product and it does not apply to flooding or intentional damage or misuse. 2. With use of normal household products & chemicals. 3. Does not apply to chipping. 4. Applies to approved applications in freezing and/or non-freezing climates. 5. Does not require specialized cleaners.

SHOWER SYSTEMS

Installation solutions for all of your shower projects.

TOOLS

The right tool for every project.

INSTALLATION SOLUTIONS

HEATED FLOOR SYSTEMS

Luxury heating systems for every project size.

CARE, MAINTENANCE & FLOOR PROTECT

To protect your tile before, during and after installation.

OUTDOOR
